Millions of people spend years in American penal institutions waiting for a single friendly message from the outside world. You can send light and life beyond the iron bars. Meet them through us, Adopt an Inmate.

BE AN ADOPTER. WRITER, PEN PAL, MENTOR, TEACHER, FRIEND.

Adopt-an-Inmate matches an "Adopter " with an Inmate "Adoptee." How? Adopters get the contact information of a selected inmate. Your Adoptee will respond in a handwritten letter.

LOOK AT THE INSIDE. Inmates do not have typewriters or computers. Prisons don't allow fresh vegetables or fruit.
