

YOUR VOICE MATTERS

Help Us Shine a Light on the Truth About Prison

Adopt an Inmate invites you to be part of our *Drop a Dime* campaign, a nationwide effort to raise awareness about mass incarceration by collecting 2 million dimes—one for every person currently behind bars. But we need more than dimes—we need your words, your truth, your experience.

We're asking you—and anyone you share this with—to answer three simple questions:

- **The Good** – Is there anything positive about prison? A program, a person, an experience that helped you?
- **The Bad** – What's something harmful or unjust that people on the outside need to know?
- **The Change** – If you could change one thing about the system, what would it be?

Your responses will be used to educate the public, advocate for reform, and ensure your voices are heard. You can write as much or as little as you want. We encourage you to share this flyer with others—inside and outside—so we can gather perspectives from loved ones, too.

HOW TO RESPOND:

- Snail mail:
